NEW!

Now installs even easier: Comply™ Adhesive with micro technology provides excellent air-release for smooth results.

3M Commercial Solutions

Welcome to the Revolution.

3M™ Envision™ Print Wrap Films
3M™ Envision™ Wrap Overlaminates

High-performance technology with a sustainability edge.

Product range includes: SV480mC, LX480mC, 8548G, 8549L

- Highly durable – up to 12 years
- Conformable on demand – even in deep corrugations
- Non-visible air-release channels using Comply Adhesive with micro technology
- 100% printer compatible
- Greener solution – non-PVC

3M™ Envision™ Print Wrap Film SV480mC,
 3M™ Envision™ Print Wrap Film LX480mC,
 3M™ Envision™ Gloss Wrap Overlamine 8548G
 3M™ Envision™ Luster Wrap Overlamine 8549L

With the launch of 3M™ Envision™ Print Wrap Films in 2012, 3M introduced the world's first high-performance, non-PVC graphic films, that outperform not just non-PVC wrap films, but all wrap films. Still unmatched in the industry, we continuously improve this series, now adding micro technology to create non-visible air-release channels for a smooth visual appearance and even easier installation.

Features

- SV480mC – Designed for solvent, eco-solvent and UV inkjet printing; UV and solvent screenprinting
- LX480mC – Designed for Latex and UV inkjet printing; UV and solvent screenprinting
- Overlamine 8548G – Exceptional gloss and clarity
- Overlamine 8549L – The **only** non-PVC luster overlamine on the market

Uses

- Versatile – wraps walls, vehicles, trucks, trailers, boats, textured surfaces and more.

Industry-changing advantages

- Conformable on demand – even in deep corrugations and on textured surfaces
- Installs even easier – in a broader range of ambient temperatures
- Resistant to squeegee scratching
- Provides faster removals
- Greater tensile strength – resists tearing
- Highly durable – guards against UV rays, high temperatures, moisture and acid dew
- 100% printer compatible
- Non-PVC for greener solution

Plus 3M innovations you know and love

- Non-visible air-release channels using Comply™ Adhesive with micro technology for a smooth visual appearance, superior performance and an even easier, faster and better-looking installation
- Excellent print quality
- Slideability
- Snap-up (repositionability)
- Heated film recovery

Peace of mind using products that are tested and backed by 3M

- 3M™ MCS™ Warranty – the first finished graphics warranty in the industry and still going strong – gives peace of mind to discriminating users that require optimum performance for the intended life of the graphic.
- 3M Performance Guarantee – adding confidence to your choice when you use selected 3M media imaged with an expanding range of 3M-qualified OEM printers and inks.

See Product Bulletin for printer and ink compatibility.
