FLOOR GRAPHICS

OFTEN IMITATED, NEVER SURPASSED

Discover the eye-catching effect of floor graphics

Most people look down slightly when they walk, making the floor the perfect stage for getting your message across.

This makes floor graphics films ideal as advertising media. Additionally, the floor provides an excellent surface for cost-effective orientation aids in public areas, guiding people to restrooms, exits and much more.

Neschen offers a large range of self-adhesive floor graphics films and laminates for any application.

Discover our solutions for indoor and outdoor applications, protective laminates for even more durability and our ready-to-go products, requiring no laminate at all.

Safety first

Quality, you can rely on: For public spaces, where an anti-slip surface is mandatory, Neschen offers floor graphics films that have a certified slip resistance.

OVERVIEW FLOOR GRAPHICS FILMS	Material	Thickness	Certification	Additional certification	Durability up to

filmolux® PP sand	PP	140 µm	R9-certified acc. to DIN 51130	M1 fire certification	6 months

UV DOT PRINT'N'WALK

- 200 µm monomeric PVC
- White, textured
- R9-certified (IFA DIN 51130) after being printed with latex and UV-curable inks
- Certified for third generation HP Latex inks

ART.-NO.

6037895
6037897
6040258
6042660
6042659

SIZES

106,7 cm x 30 m
137,2 cm x 30 m
137,2 cm x 60 m
160 cm x 30 m
160 cm x 60 m

UV DOT PRINT'N'WALK TRANSPARENT

- 200 µm monomeric PVC
- Transparent, textured
- For special effects – floor remains visible in unprinted areas
- R9-certified (IFA DIN 51130) after being printed with UV-curable inks

ART.-NO.
6043975

SIZES
137,2 cm x 30 m

SOLVOPRINT® DOT PRINT'N'WALK R10

- 150 µm monomeric PVC
- White, textured
- R10-certified (IFA DIN 51130)
- Suitable for UV-curable-, latex- and solvent inks

ART.-NO.

6044162

6044136

SIZES

137,2 cm × 30 m

137,2 cm × 60 m

FILMOLUX® EASY CLEAR SAND

- 80 µm soft PVC
- Transparent, matt, fine sand structure
- R9-certified acc. to IFA DIN 51130
- B1, M1 fire certification

ART.-NO.

6024270
6017733
6024271
6040577
6017737
6042816

SIZES

91,4 cm × 50 m
104 cm × 50 m
130 cm × 50 m
136 cm × 50 m (on demand)
140 cm × 50 m
160 cm × 50 m

FILMOLUX® FGS

- 185 µm polymeric soft PVC
- Transparent, satin matt, grain finish
- Minimal reflection, UV protection
- R9-certified acc. to IFA DIN 51130
- Certified acc. to DIN EN 14904, the European standard for sports floors

ART.-NO.

6018033

6020665

SIZES

104 cm x 50 m

140 cm x 50 m
