

Metamark M7A Series

High Performance Calendered Sign Vinyl with
MetaScape® Adhesive System

MetaScape 7 Series is a high performance calendered vinyl supplied with MetaScape® adhesive, developed for computer-cut graphics for vehicles, window decals, and long term applications onto flat or slightly curved surfaces.

Metamark M7A Series offers faster, easier, trouble-free applications by providing air with an exit route from under the graphic. The MetaScape® adhesive system is suitable for a dry application method, resulting in a durable graphic much sooner after installation. Air may be expelled during application through the channels in the adhesive.

Performance you can trust
