

## DECLARATION, CONFLICT MINERALS

Date: 29.01.2024 <sup>1)</sup>

Vink Plast ApS distributes and produces semi-finished plastic materials. The vast majority of our products are manufactured within the EU.

To the best of our knowledge and based on supplier information, we hereby declare that products derived from minerals and metals covered by EU Regulation 2017/821, as amended up to Regulation EU 2020/1588, as well as Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, which obliges EU member states to exercise due diligence to ensure that imported tin, tantalum, and tungsten, their ores, as well as gold originating from conflict-affected and high-risk areas, have not knowingly been used in the production of plastic raw materials or in the production of semi-finished plastic materials.

- 1) This statement becomes void in the event of changes in regulations or raw materials. New statements will be published on our website in the event of such changes. Previous statements will thereafter automatically become invalid. Always check our website for the latest version.
- 2) "Not intentionally added" means that the minerals have not been deliberately introduced into the materials to facilitate the manufacturing process or to achieve specific properties, appearance, or quality."
